AUSTRALIA ENERGY DIVISION

At AmSpec, our team is our strength. We boast a group of highly experienced cargo surveyors and chemists, each with a deep understanding of Petroleum, LPG, LNG, Chemicals, and various other bulk liquids. Our surveyors are TIC Council accredited (the governing body previously known as IFIA), which sets the standards for Petroleum/Petrochemical inspectors.

Our laboratories have extensive capabilities in testing transport fuels & commercial chemicals such as base oil, transformer fluids, etc. Our team is highly experienced in laboratory testing & product stewardship. We are able to conduct investigations and advise on product quality and contamination incidents.
